

REPORT MAY BE SCORCHING ONE

Sensational Insurance Developments Are Anticipated.

FORGERY, PERJURY, TRICKERY

Sub-Committee of National Convention of Insurance Commissioners Appointed to Investigate Industrial, Health and Accident Companies Is Alleged to Be Ready to Report a Scathing Arraignment of Such Concerns.

Milwaukee, Aug. 23.—The most sensational developments in insurance circles since the Armstrong investigation in New York are promised, it is said, when the report of the sub-committee of the national convention of insurance commissioners appointed to investigate industrial, health and accident insurance companies will be presented.

For two or three months the committee has been pursuing its investigations. Fourteen important companies have been subjected to a rigorous examination and it is said the most startling conditions have been disclosed. The most drastic remedial legislation will be recommended by the committee.

Owing to its sensational allegations the text of the report is not made public and the names of the companies accused are kept secret pending the discussion of the report in executive session. All but three of the fourteen leading companies in the country, it is charged, persistently use forgery, perjury and trickery to force holders of death claims to settle for smaller amounts than their policies call for.

Peculiar Instance of Evasion.

The instance is given where one company issued a policy to a blacksmith. The blacksmith was drowned while fishing. The company refused to settle on the basis of the original policy, contending that instead of a blacksmith the drowned man was a fisherman and his family could not collect over half of the amount pledged under the policy agreement to the blacksmith.

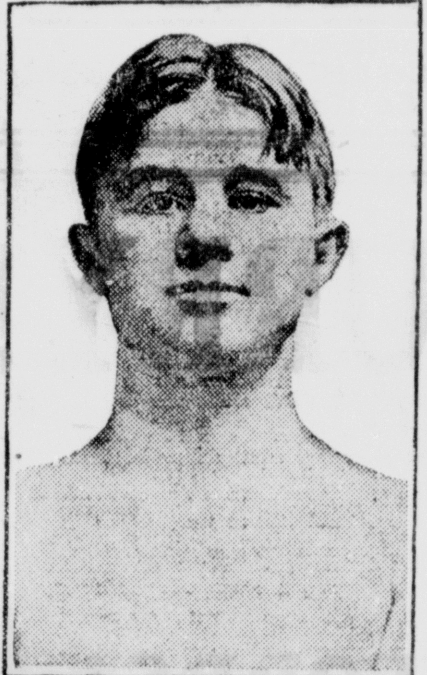

Chairman Palmer of the special committee on industrial, health and accident settlements, discussing the requirements and recommendations of the committee, which it is understood will be announced Thursday, made public the following portion of the committee's report:

"The committee does not overlook that these requirements—just though it believed them—may if enacted compel companies operating in the industrial health and accident fields to increase their premiums or reduce their benefits. In the opinion of the committee the time has now come when companies doing this kind of business should recognize that if they are to make a fair return to their stockholders such return should not be tainted by trick clauses and cheating adjustments, or the frauds perpetrated on the companies by dishonest policyholders, be set off against the frauds perpetrated by the companies on honest insured."

BURKE BADLY BEATS PAPKE

Both Men Make Poor Showing in Ten Round Bout.

New York, Aug. 23.—Sailor Burke of Brooklyn outfought and battered Billy Papke of Illinois, who claims the middleweight championship, for ten rounds at the Twentieth Century Athletic club. It was a disappointing mill to those patrons of boxing who expected a different showing from the

BILLY PAPKE.

Western man and the crowd hissed and booed after the first two rounds. Burke went to his man at every stage of the fight and while he did not show any scientific work, he belabored the Illinois pugilist with a will which at last earned for the Brooklynite a hearty round of cheers as he left the ring with scarcely a mark on his body.

Both men fought poorly and Papke seemed either unwilling or unable to live up to what was expected of him.

Bulwark is good nature regulated by good sense—Sydney Smith.

CAMPAIGN TO DEFEAT HARMON

Progressive Democrats to Organize in Opposition.

FEAR OHIOAN'S NOMINATION

Senator Owen of Oklahoma Leads Movement and Issues Call for Meeting to Discuss Plans for Gaining Control of Next Democratic National Convention—Proposed Step Not in the Interest of Any Candidate.

Washington, Aug. 23.—The movement among progressive Democrats to prevent the nomination of Judson Harmon of Ohio for the presidency next year in taking tangible form. Under the leadership of such progressives as Senator Owen of Oklahoma a definite movement has been started for the organization of the progressive Democrats of the entire country into a cohesive body to control the action of the Democratic national convention next year.

This movement is not in the interest of any particular man, so far as can be learned, but it is to prevent the small minority of regular Democrats from taking over the convention and making the nomination. The progressives say that Harmon workers are busy in every state in the Union and that with the liberal funds apparently at their command they may easily capture the convention unless the progressives get busy now.

A meeting will be held here for the purpose of laying the foundation of a national organization to line up the progressives in all parts of the country. Believing that the progressives are in a vast majority in the Democratic party the organizers see no reason why the regular minority should be permitted to dictate the nominee and policy of their party.

A letter calling the meeting has been sent to all progressive Democrats in congress. It is as follows:

"Each progressive Democrat realizes that a great crisis is being reached. The main fight is for the control of the Democratic primaries and convention next year and the contest is now in full swing. The regular Democratic organization is for use after the nominations are made; but the actively progressive Democrats ought certainly to be organized at once so as to be sure of controlling the regular organization in 1912. We propose such a movement and the details have been carefully worked out. Will you not stay over and take part in forming the Democratic Federation of Precinct Clubs? A state charter is to be issued as soon as practicable for each state, to be followed by immediate organization in each state."

This letter is signed by Senator Owen, chairman of the organization committee. It is expected that the meeting will form the nucleus of a formidable aggregation of progressives and that it will control the party in the convention next year.

TAKES LEAVES WASHINGTON

Will Play for Three Weeks and Then Prepare for Trip.

Washington, Aug. 23.—With only three weeks of play time left before he starts upon one of the hardest transcontinental trips ever undertaken by a chief executive the president left the capital to be gone until November or even later.

It is probable that for the first two weeks of his stay in Beverly the president will deny himself to all callers and get just as complete a rest as golfing, motoring and doing nothing consistently will give him.

At the end of that period of seclusion the president expects to set to work on some of the speeches he will deliver on his forty-day trip. The decision in the Wiley case also may be forthcoming from Beverly.

LOVETT RAPS WALL STREET

"Lie Factory" There Only Trouble With Situation.

New York, Aug. 23.—Robert S. Lovett, head of the Harriman lines, was asked:

"What is the matter with the railroad situation?"

"There is nothing the matter," was his prompt reply.

"Well, what is the matter with existing conditions?"

Judge Lovett paused a moment and then very deliberately replied:

"Well, if there is anything the matter with existing conditions it is due entirely to the lie factory of Wall Street."

He declined to discuss the news that the railroads had reduced their forces.

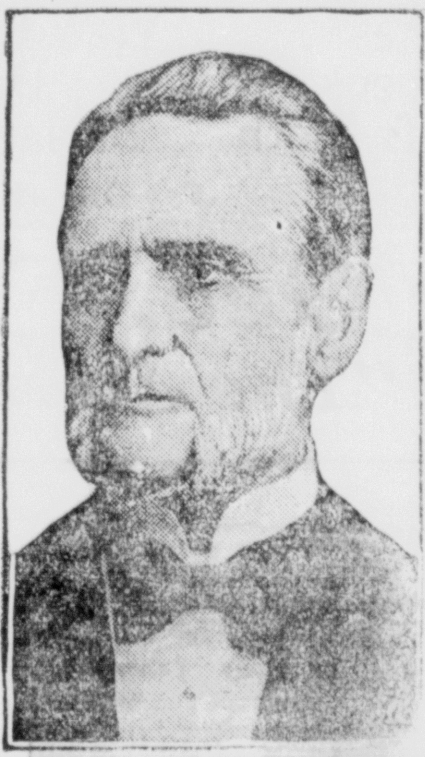

What Confirmed the Suspicion.

Mary (angrily)—I think you are the biggest fool in town, John.

John (mildly)—Well, Mary, my old mother used to tell me that when I was a boy growing up, but I never thought she was right about it until I married you.

DR. D. K. PEARSONS.

Philanthropist Gives Away the Last of His Fortune.

DONATES LAST OF FORTUNE

After Giving Millions Dr. Pearsons Is Practically Penniless.

Hinsdale, Ill., Aug. 23.—Dr. D. K. Pearsons, the philanthropist who has distributed a fortune of \$7,000,000 in benefactions, made his last gift. He gave the town of Hinsdale his residence and five acres of ground, valued at \$25,000, for library purposes.

With the bestowal of the residence and grounds, to be maintained as a public library, art gallery and park, Dr. Pearsons accomplished what he long had planned, the distribution of all his wealth for the benefit of humanity.

Entering upon his ninety-second year with failing health Dr. Pearsons will leave his home to spend the remainder of his days at the Hinsdale sanatorium, to which he goes almost penniless.

GOVERNOR EBERHART IGNORES SUBPOENA

Attorney Makes Sarcastic Reference to Minnesota Executive.

St. Paul, Aug. 23.—Governor Eberhart will not pay attention to any subpoenas served on him by the board of control to appear at the hearings in the investigation of F. A. Whittier, superintendent of the Red Wing training school, according to a statement he made. He said he would, however, "as the board well knew," appear before it at any time it requests him to do so and answer all questions asked him.

Archie M. Hays, acting private secretary to the governor, returned the subpoenas summoning the governor to appear at the hearing which had been left with him by F. M. Wilson, attorney for Mr. Whittier, to the board of control with a note declaring that he would not serve it on his chief.

F. M. Wilson, when interviewed at Red Wing regarding Archie Hays' return of the governor's subpoena and asked if he would insist on the governor being formally subpoenaed if the executive would go on the stand without a subpoena, expressed himself very emphatically.

"I don't see what divinity hedges about a two-spot of a governor," said Mr. Wilson, "that should except him any more than the humblest citizen."

"You may bet your life I shall insist upon his obedience to the summons of the law, because he is no better in the eyes of the law than the man that saws wood in the back alley."

BOXING AT CHURCH CARNIVAL

Indianapolis Pastor Protests Against Action of Committee.

Indianapolis, Aug. 23.—Dissension in the Unity Methodist Episcopal church followed the announcement that a committee of the membership had sought and obtained permission from the superintendent of police to stage boxing as a part of a church carnival Thursday and Friday nights of this week.

"I protested as soon as I heard of the affair," said Rev. L. T. Hardin, the pastor. "I stand for the purest religious principles and don't approve of prize fighting. I will not accept any proceeds from that attraction as salary. I understand it is planned to apply the proceeds to other church debts."

RIFLE RECORD IS BROKEN

National Shoot at Camp Perry Closes With Sensational Scores.

Camp Perry, O., Aug. 23.—The matches of the National Rifle association came to a close after a day of record breaking scores in the Herrick trophy match and a closely contested race in the president's match. The Ohio team won the Herrick with the score of 1,732, which breaks the world's record for long range rifle shooting with any rifle and ammunition on the 800, 900 and 1,000 yard ranges. The score exceeds the record score of the all American team in the Palma match in 1907 by twenty points and is greater than the record in the celebrated English elcho shield match.

TAFT FOLLOWED ROOSEVELT PLAN

Showed Backbone In Dealing With Congress.

NOT AFRAID TO USE VETO.

Speaker Clark and Minority Leader Mann Prepare to Fight the Senate to Sustain Prerogative of the House. Are Prepared to Stay Continually in Session if Necessary.

By ARTHUR W. DUNN, Washington, Aug. 23.—[Special.]—President Taft has taken a leaf out of the Roosevelt book. "Be bold and get the reputation of daring congress and defying it when a good opportunity occurs." Such was one of the black letter axioms on one page of the T. R. "guide to presidents."

Everybody knows that the former president made a great success by "smashing things" occasionally and also by "backing up" when he wanted to attract the attention of the people. Both expressions were often heard at the White House in the days preceding the last inauguration.

President Taft certainly showed backbone in the way he handled the questions which congress sent him. He showed very plainly that he was not in the least afraid of using the veto power which the constitution gave him.

Secrecy Criticized. Mr. Bryan made a great hit in criticizing the secrecy of the caucus. Beyond doubt it would be much better if the secrecy in government business could be eliminated. The executive orders of Roosevelt and Taft prohibiting government officials from talking about government affairs have been severely condemned, and in many cases it is shown that they have led to evil. Publicity relating to campaign funds ought to be extended to publicity of public business.

Will Fight the Senate.

Champ Clark says he will make a contest with the senate and keep congress in continuous session to sustain the prerogative of the house if enough members will stand with him. Jim Mann, speaking for the Republicans, says they will stay with Clark for a fight to the finish.

The senate has several times overriden the house in making amendments and in originating legislation which belongs to the house. Usually a threat by the senate to hold out indefinitely and prevent an adjournment scares the members of the house, and they give way. Champ Clark and Jim Mann together might make a winning fight.

Closing Down Debate. For several months Chairman Underwood has allowed the house to choose its own gait, "without a check reed," as one of the horse members put it, but as the end of the session drew nearer he showed that he could close down hard and shut off talk as easy as the most accomplished Cannon lieutenant during the previous eight years. By the time the short session arrives he will be able to run the house on a limited talk schedule.

Tangled About Conference.

As usual, the senate can devote a lot of time to talk over something that is perfectly plain. Such was the case about a conference report, when all rules have been stated and published many times. "Although I have had experience on conference committees," remarked Senator Lodge, "I am never clear as to where conference reports are first made." As that was the point under discussion, it is not surprising that other senators not so familiar with parliamentary law should also be confused.

Relic of Former Days.

The closing days of the first session of the Sixty-second congress have made prominent a relic of former days and even past ages. There have been frequent calls of the house—that is, when there was no quorum present the roll of members was called. Now, some time in the long ago it was conceived that members might try to escape, and so a rule was made that the doors should be locked when there was a call of the house.

That provision is still carried in the rules, and upon each call the several main doors are hermetically sealed. But doors leading into the lobby are always open, and members go in and out without question. When the call is completed and the quorum is announced the speaker directs that the doors be opened. In this day it is farcical, for the only thing that keeps a member present is the desire to have his name show in the record as present.

Even in the most exciting days of quorum counting, when every man save one on the Democratic side disappeared, the locking of the doors had no effect. Members went out at will. There are doors in the cloakrooms, and members pass through them. Why the old provision is retained is one of the mysteries of parliamentary law.

A "Touching" Suggestion.

Jim Mann was making a plea for the allowance of an extra month's salary to the employees of congress. "They cannot afford to go home at the close of the session," said the minority leader, "without being compelled to touch their members for the necessary mileage."

Wigs.

In the early ages of the Christian era the fathers of the church furiously protested against the use of wigs.

MARQUIS SAIONJI.

May Become the Premier of Japan When Cabinet Resigns.

JAPANESE CABINET TO QUIT

Reported That Emperor Will Name Marquis Saionji Premier.

Tokio, Aug. 23.—The cabinet headed by Premier Katsura has decided to resign Aug. 25, according to an extra issue by the Asahi. The same paper declares the emperor will appoint Marquis Saionji premier and that the Seiyukai party will organize the new cabinet.

FREEZE TO DEATH ON PIKE'S PEAK

Bodies of Man and Wife Found Covered With Snow.

Colorado Springs, Colo., Aug. 23.—W. A. Skinner and wife of Dallas, Tex., were frozen to death near the summit of Pike's peak. Their bodies almost covered with snow, were found side by side by a boy walking down the peak. They are believed to have been printers.

Skinner and his wife started to walk to the top of the peak. Mr. Skinner doubted their ability to reach the top of the mountain and Mrs. Skinner is reported to have made the remark: "I'm from Texas and they're not going to say when I get back that I couldn't climb Pike's peak."

A pathetic feature of the deaths is the finding of a letter in Skinner's pocket, dated Dallas, Aug. 17, from J. H. Choate, in which these words occur:

"I hope you are having the time of your life in Colorado. I am sending you an overcoat, as per your request. I hope you don't freeze to death on Pike's peak."

ABOLISH EXPRESS COMPANIES

May Be Recommendation of Railroad Commissioners.

Chicago, Aug. 23.—The sub-committee of the National Association of Railroad Commissioners, which has been investigating the subject of express rates, concluded its hearings here. C. L. Delbridge, a St. Louis publisher, was the last witness. He delivered a scathing arraignment of alleged unfair methods pursued by the express companies.

Chairman C. F. Staples will prepare a report on the hearings, which will be submitted to the other members of the sub-committee and later to the association at its meeting in Washington next October.

It is the belief of a number of those closely in touch with the situation that when the report is adopted it will contain a recommendation that action be taken by congress for the substitution of railroads for express companies in the handling of all express business.

A Crime to Avoid.

The other day a man was arrested and fined for using disrespectful language to a policeman, thereby interfering with him in the discharge of his duty. It is strange that there should be men who think they can do that with impunity. One may be guilty of bigamy or run a trust or be a steady grafter and yet escape punishment, but the consequences of reviling a policeman are inevitable. So when there are so many crimes to pick from no intelligent man should select this.—Chicago Tribune.

SAVES PATRONS' DIGESTION

Michigan Dairyman's Excuse for Watering His Milk.

Hancock, Mich., Aug. 23.—Pleading guilty to a charge of diluting milk and cream Joseph Bruneau, a prosperous local dairyman and politician, confessed that he poured one gallon of water into every ten gallons of milk sold, but declared the product was so rich that patrons' digestion would be ruined otherwise. Bruneau paid \$20 and costs.

LIVELY PASSAGE IN PARLIAMENT

CANNOT TAG PROGRESSIVES

Berger Says They Belong to No Party and Flirt With Socialists.

Milwaukee, Aug. 23.—Victor L. Berger, Socialist congressman from the Fifth district of Wisconsin, made the following statement on the extra session of congress just closed:

"Taft, who was elected by an overwhelming majority less than three years ago, barely escaped having one of his veto messages overridden with the help of a goodly number of representatives who had been elected on the same platform and the same ticket as he. So much is certain, the insurgents are neither Republicans nor Democrats. And they surely are not Socialists, although they like to flirt with some of our principles and some of our voters. They represent a new group in capitalist politics."

POPE PIUS IS CONVALESCENT

Doctors Cease Their Visits, but Recommend Greatest Care.

Rome, Aug. 23.—It may now be said that Pope Pius is entirely convalescent. Doctors Marchisava and Petacchi have ceased their visits to the pontiff, but have recommended that he take the greatest care of his health and avoid fatiguing himself.

The pope is extremely cheerful. He walked in the Vatican garden for a short time.

Many Bills Fall by the Wayside.

Washington, Aug. 23.—The special session record of measures introduced is 14,038 bills and 484 resolutions in the house and 3,296 bills and 58 resolutions in the senate. Only a few of these were passed.

The Elbows. Rubbing the elbows with warm almond oil every evening will in time eradicate all roughness of the skin.

Chancellor Lloyd-George and Keir Hardie Have Tilt.

ECHO OF RAILROAD STRIKE

Socialist Member Accuses the Government of Taking the Side of the Railway Directors and Declares the Men Shot Down by the Troops Were Murdered in the Interest of the Capitalist System.

London, Aug. 23.—There was a lively passage between James Keir Hardie, the Socialist leader, and David Lloyd-George, chancellor of the exchequer, during the session of parliament. Mr. Hardie accused the government of taking the side of the railway directors in the strike and said if the government had brought the same pressure to bear on the directors as it had on the men there would have been no strike.

He declared vehemently that the men who had been shot down by the troops were "murdered in the interests of the capitalist system."

As a protest against the conduct of the government he moved as an amendment to the motion for adjournment that the house of commons adjourn to Aug. 29 instead of Oct. 24.

Mr. Lloyd-George replied that the great conflagration had been put out, but that there were still smoldering fires here and there about the country, which at any moment might burst into flames. He declared he knew nothing more likely to bring about such a disaster, and perhaps cause the men to fling away what their leaders had claimed was a triumph for them, than "such grossly inaccurate statements" as had been made by Mr. Hardie.

The chancellor said there was "not a syllable of truth" in the allegations of Mr. Hardie that the government had sided with the railway directors. He asserted that it was pressure brought to bear by the government on the directors that induced them to meet the representatives of the men. The government, he added, had used its whole power to see that justice was done both parties to the dispute.

Mr. Lloyd-George then referred to a speech made by Mr. Hardie in which he said the Socialist leader had told a big meeting that the premier was prepared to shoot down every striker. The chancellor stigmatized this charge as baseless and contemptible.

Mr. Hardie's amendment was defeated by a vote of 93 to 18.

WILL PROBE RAIL STRIKES

English Commission to Investigate Labor Problem.

London, Aug. 23.—Further progress was made toward bringing to an end the labor disputes in the kingdom by the appointment of a government commission to investigate the railway problem and settle the local disputes of the Middle and Northeastern railways.

The personnel of the commission is considered fairly to represent all the contending interests. It will get to work in a fortnight and is expected to issue a report within a month or six weeks. The commission is made up of Sir David Harrel, former secretary for Ireland, chairman; Thomas R. Ellis and Charles G. Beale, for the railroads, and Arthur Henderson and John Burnett for the men.

WELSH MOB ATTACKS JEWS

Military Called to Suppress Riots in Monmouthshire.

London, Aug. 23.—Anti-Jewish outbreaks of a violent character have now occurred for three days in succession in Monmouthshire and are giving the authorities the greatest concern, as they are altogether a new phase in British life.

The Jewish community here has made strong representations to the home office and Home Secretary Churchill gave them the assurance that no precautions should be overlooked to prevent a recurrence of the disorders.

The riots and looting of Jewish shops were of a desperate character and the riot act had to be read and the military called out before the mobs were cowed.

WOULD LABEL CANNED MILK

Duluth Pure Food Convention Discusses Question.

Duluth, Aug. 23.—Condensed, canned and evaporated milk was discussed by the Association of State and National Food and Dairy Departments. Commissioner G. B. Taylor of Louisiana declared that this product, when improperly labeled, had caused the death of almost countless infants in the South. Mention of embalmed milk precipitated a discussion that lasted throughout nearly the entire afternoon session and resulted in the introduction of a resolution demanding the passage of a law which would require manufacturers of evaporated milk to state on the cans just the amount of water necessary to bring the evaporated milk up to the exact point of whole milk.

Get a box of those long range loads at King's. They get the ducks. 67tf

The Ladies Aid society of the mill mission will give an ice cream social at the home of Mr. and Mrs. S. V. Long on Friday evening.

O. C. Wakefield, supply agent of the Northern Pacific railway, was in the city yesterday on business mat-
ters connected with the company.

Schmidt's bottle beer, famous for quality. Order a case. Telephone 164. John Coates Liquor Co. 208-tf

F. H. Pepper, of Marshalltown, Iowa, who has spent an outing at Nisswa, arrived in the city today and will visit friends before returning home.

R. L. Hinke, F. L. Wright, S. Ver-
non and Dr. E. Hall made the trip from Little Falls in an automobile last evening to witness the baseball game.

"Salvator," natural process Malt beer, Jacob Schmidt Brewing Co., in pints, brown bottles. Coates Liquor Co. Telephone 164. 294-1mo

Mr. and Mrs. W. L. Stockwell, who have been the guests of Supt. and Mrs. W. C. Cobb in Brainerd and at the lakes, returned this afternoon to their home in Fargo, N. D.

The social given at the Peoples Congregational church for the benefit of Unity band drew a large at-
tendance Tuesday evening and a neat sum was netted for the band.

Marble hunting knives, water proof match boxes and Marble game getter guns at King's. 67tf

Mrs. George Green and daughter, of Anoka, Miss Ruth Barber, of Minne-
apolis, Miss Mae Belle Grewcox, Clyde Parker and Dr. Erickson en-
joyed a Sunday outing at Parkerville.

Court Magnolia, No. 54, W. O. F., will hold a regular meeting on Thurs-
day in Odd Fellows hall. All mem-
bers are requested to be present as business of importance is to be trans-
acted.

Try one of those moonlight baits for night fishing. They're sure things at King's. 67tf

Miss Nyland gave a party at Gil-
bert lake for the gymnasium club Sunday. Miss Mabel Fall enter-
tained them Tuesday and Miss Mabel Carlson will be their hostess this afternoon.

Miss Florence LeBlanc entertained a number of her little friends at her home, 315 Third street north, on the occasion of her seventh birthday Tuesday afternoon. Games were played by the little ones. Refresh-
ments were served and all had a most enjoyable time.

If you are fatigued, try a bottle of Old Pilsener style lager beer, it is invigorating and refreshing. Order a case from the Brainerd Brewing Co., Phone 213. 304tf

Talk about sticking up for a home team! After a glowing write-up in outside papers of the splendid team St. Cloud has, the St. Cloud papers get disgusted about the game with Sauk Rapids last Sunday and say the town should turn around and buy up the Detroit team and let it fly the St. Cloud colors.

The hunting season will soon be here now. Don't forget that you can rent a shot gun at King's for the few times you will go hunting this fall, cheaper than you can buy one. 58-to-82

Mayor M. F. Crosby, of the bust-
ling town of Crosby, was in the city today on his way to St. Paul where he will confer with state officials about getting more money to build school houses in his town. The recent school census revealed 315 school children, a most creditable showing for the school district, No. 51.

LITTLE FALLS WAS BLUE AND LOOKED IT

Brainerd Beats the Down River Town Last Evening by the Score of 10 to 5

WAS A SENSATIONAL GAME

"Happy" Alderman Pitched a Fine Game and Was Given Gilt Edged Support at all Times

Little Falls wore blue suits and they certainly felt blue when a line of batters faced their pitcher McNamara in the first inning and hammered him so badly over the field that they had to take him out of the box before the first inning was over. Everybody found him and Leslie Bush, the first man up, swung out a two bagger on the first ball over the plate. Kalland, the third man up, smashed out a nice three bagger, bringing in the first score.

James, alias "Happy" Alderman, pitched for Brainerd and his work was exceptionally good and the support the boys gave him was gilt edged. Jimmie displayed good head work and he pleased the fans.

Little Falls did its heavy scoring in the second inning when 4 runs rolled in. Erickson's wild throw let n some of them. Little Falls had another batting rally in the 6th inning when 1 run came in, but 5 scores was the best they could make or the 7th inning game.

After 3 hits were secured from McNamara, in 1-3 of an inning, Newman was substituted and the boys secured 5 hits from him in 5 and 2-3 nings. A long discussion was caused in the 5th inning when a Little Falls batter knocked the ball over the barb wire fence to the outh and Little Falls claimed a one run and the "umps" said it was foul. Another argument occurred when Erickson ran for third and the ase was blocked by Little Falls layers. Erickson was safe and the mpire called it safe. It doesn't do o use football tactics when playing aseball.

The box score is:

LITTLE FALLS

mwf

THE BIG GAME THIS EVENING

To be a Pitchers Battle Between Leslie Bush and Dominick—The Decisive Game

This afternoon at 5:30 sharp will be fought out the greatest game ever played in Brainerd. It promises to be a titanic struggle between pitchers, between our own Leslie Bush and the big, husky pitcher of Little Falls, Dominick. With pitchers even it will depend on the players which give each man the better support. It will be a game so close that one or two errors will turn the scales.

Little Falls expects to have a large delegation in Brainerd to see the game and to whoop it up for their side.

The game between the Brainerd Elks and the St. Cloud Elks will be called at three o'clock sharp and will have no admission charge attached. It will draw a large attendance as every visiting and local Elk will be on hand. St. Cloud is said to have picked up a strong team and is not in the game for fun. They want to win it. Some have said Dr. Theilman may be the slab artist for the occasion.

Early suppers will be the rule today and there will be some epoch making baseball history turned out at Koering's field this afternoon and evening.

NOTES OF THE GAME

It was a great evening for the fans. Every man and woman yelled until hoarse.

"Fatty" Willis bet \$2 that Brainerd would win and nearly collapsed in the second inning when Little Falls took a hunch and rolled in 4 scores.

"Dutch" Trent was sitting near the players' bench on the side lines taking a keen interest in the game and ready to step in when needed when a Little Falls batter slammed out a foul due east and it struck Trent over the left eye and nearly knocked him cold for several minutes. A cry was made for a doctor and Dr. Thabes took charge of him and dressed his injuries. His left eye was entirely closed and bandaged up afterwards but Trent still kept his right eye on the game. One of the fans wanted to console him and said: "Well, Dutch, it's good you haven't got a girl to see how you look now."

One thing is certain that a game commenced at 5:30 must be played quickly. There must be no dilly-dallying. Each man must be right on hand to bat. These are short days and the crowd wants to see 7 innings anyway. All possible arguments should be "cut out."

Ed. Rogers played a splendid game and was right there with his bat. He fields gracefully and runs bases like a scared deer.

Alderman made a pretty play in the fourth inning when he hustled to first and covered the initial sack while Capt. Templeton fielded the ball in a dead run and tossed it to him, putting the runner out.

Grietsch, of Little Falls, made a sensational catch in the 6th inning when he ran from way out in the field and caught a high fly on the tips of his fingers, holding the ball at arms length and running almost to the pitcher before he could check his speed.

Alderman pitched a fine game and only allowed 3 hits. The crowd surely yelled for Jimmie. He never lost his head and kept his eye strictly on every move of the great game. When C. W. Koering saw a Brainerd batter knock out a high fly he said: "Well, it's no wonder he got out. He knocked it too high."

Loss of Time Means Loss of Pay

Kidney trouble and the ills it breeds means lost time and lost pay to many a working man. M. Balent, 1214 Little Penna St., Streator, Ill., was so bad from kidney and bladder trouble that he could not work, but he says: "I took Foley's Kidney Pills for only a short time and got entirely well and was soon able to go back to work, and am feeling well and healthier than before."

Foley's Kidney Pills are tonic in action, quick in results—a good friend to the working man or woman who suffers from kidney ills. For sale by all druggists.

mwf

A MERRY DAY IN MERRIFIELD

Business Men and Clerks Will Picnic There on Tuesday, August 29, First Annual Outing

LINE-UP FOR BASEBALL GAME

A Large List of Prizes Will Soon be Announced for the Program of Sports

The committees having in charge the work of preparation for the picnic of the business men and the clerks at Merrifield on Tuesday, August 29, are making creditable progress and among other things accomplished is getting the line-up for the baseball game between the two bodies and also arranging the list of prizes to be awarded for the different events constituting the program of sports.

It certainly promises to be a merry day in Merrifield and the natives there will surely know something is happening in that otherwise peaceful and undisturbed community.

The players of the business men's team are: Quinn Parker, catcher; O. Peterson, pitcher; Ed. Levant, first base; Tom Considine, second base; Sam Parker, short stop; E. F. Middlemas, third base; D. A. Peterson, right field; J. F. Murphy, center field; W. B. Brockway, left field.

Hon. H. P. Dunn, mayor of Brainerd will umpire. He proposes to do a good job so that at the end of the game any fan can say: "Well Dunn, thou good and faithful servant." The mayor of Merrifield, who some say is Quinn Parker, will of course grace the occasion by his official presence.

John Mann will be the base umpire and he is a good man in more than one way. Fred Gruenhagen will serve as water boy and if there is too much of a run on the beverage he may put in a pipe line and hose.

Knute Lagerquist has consented to act as special policeman without pay as they say. Any refractory players or obstreperous umpires will be placed in the Brockway & Parker warehouse, the official "station" of the day, but the back door will be left open.

As substitute players the following additional line-up has been secured: H. W. Linnemann, pitcher; R. Buchman, catcher; John Carlson, first base; A. K. Luken, second base; D. M. Clark, short stop; J. W. Koop, third base; Hugo A. Kaatz, left field; Mr. Oberst, center field; "Skip" Dean, right field.

"Skip" Dean has promised to hold an inquest on any man in the team who makes a bad play and will embalm him as a "living" example of what poor playing will do. He has the full consent of the fans for this and the new book of rules which they use in Little Falls allows an undertaker to undertake such an undertaking.

The clerks have had several secret sessions in the back end of J. W. Koop's grocery near the refrigerator and after due consideration a line-up has been announced. If there was any discussion and wrangling about a certain position it was settled by playing a game of "smier" and the winner got the job. The line-up is one of the best on the market and guaranteed to wear well and give good satisfaction and your money will be refunded if it's no good: Harry Carlson, short stop; Wm. Turcotte, first base; A. Brolling, second base; John Senti, third base; H. Koop, right field; C. Mraz, catcher; S. Koop, pitcher; William Lyonais, center field and manager; Joe Gablou, left field.

The substitutes are Carl Anderson, Louis Johnson and J. G. Smylie. Smylie, when he isn't substituting, will carry water. It was first thought that "Dutch" Lyonais would officiate as water boy but he said that under no conditions would he accept such a job no matter how much glory attached to it.

John Larson will have general supervision over the base running of the business men and hopes to have them get a "pay day" movement on. The game will be started at 10:30 in the morning. In the afternoon the "Ramblers", of Brainerd and the Merrifield nine will clash.

Free lemonade will be served to all the victory. The lemonade booth is in charge of A. Hallquist and the following gentlemen, daintily attired, will assist him in pouring. He has announced his line-up as follows: Official Lemon Squeezer—A. Hallquist.

Official Sugar Doper—George Murphy. Official Mixologist—J. H. Noble. Official Dispenser—W. E. Erickson. Official Lemon Donator—Sam Parker. Official Score Keeper of number of drinks ladled out—R. Buchman.

Biggest Range Horse Sale on Earth

The Next Big Sale Will Begin Sept. 11th

The Biggest Range Horse Sale on Earth will be held at Miles City, Montana, on September 11, 12, 13 and 14. 2,500 horses will be sold consisting of Big Draft Bred Mares and Geldings, Yearlings and Two Year Olds. For information write: A. B. CLARKE HORSE SALES CO, 676p Miles City, Mont.

N. P. WON'T DROP MEN

Special to Dispatch.—New York, Aug. 22.—Officials of the Union and Southern Pacific railroads were loath today to talk of the dropping of several thousand men from the payroll of the railroads. Officials of the Rock Island, Northern Pacific and Atchinson railroads indicate that they will not adopt similar methods of retrenchment. An officer of the Rock Island said that his company was not laying off men and he saw no immediate cause why it should do so.

It is generally believed here that the retrenchment policy will be extended to all lines of the Harriman system.

PROF. HANFT'S BRAVE RESCUE

His Uncle, Sergt. Charles Hanft, Falls From Fishing Boat Into Round Lake

THE PROFESSOR SAVES HIM

Dives After Him, Places Him on Overturned Boat and Swims Ashore With Tow Rope in Teeth

News has just reached Brainerd of the heroic rescue of Sergeant Chas. Hanft, of St. Paul, by his nephew, Prof. Frank W. Hanft, of Marinette, Wis. Prof. Hanft was formerly principal of the high school in this city and has a summer cottage on Round Lake.

In company with the sergeant, who has been 27 years on the St. Paul police force, Mr. Hanft rowed out to the middle of Round lake and they cast their lines and spent the morning fishing. While the professor was landing a big fish one of these incidents happened which, in the excitement of the moment, cannot be explained. Charles Hanft stood up in the rocking boat to grasp the fish as it struggled on the line, and fish, fish poles, boat and occupants upset into the lake.

A little ducking like this did not hurt the professor for he has swam miles in the different lakes and on some occasions has been mistaken for a deer or moose splashing in the water. But it was no laughing matter for the sergeant who cannot swim a stroke and weighs fully 240 pounds. He sank at once and went down a second time and the last time up Prof. Hanft caught his none too generous head of hair and kept him up.

The boat had turned turtle and after considerable maneuvering the sergeant was deposited on its generous bottom. The professor endeavored to shove off but that was impossible as the boat was anchored. He dove down several times to untie the rope and had to give it up. Keeping the boat well balanced he found a jack knife in his uncle's pocket and cut the rope.

A heavy sea had sprung up and taking the rope in his teeth Mr. Hanft ferry-boated his relative to a friendly bar where shallow water enabled him to gain a foothold and none too soon, for his two hours fight with the waves had nearly exhausted him. They were both more than thankful to take a rest on the neighboring shore. Friends say that only a man of Prof. Hanft's powerful physique and courage could have effected such a daring rescue. The cold water and the two hours buffeting with the waves without counting the difficulty of towing a heavy, water logged, upset boat and its human freight, would have speedily tired out any other man.

REST AND HEALTH TO MOTHER AND CHILD.

MRS. WISLOW'S SOOTHING SYRUP has been used for over SIXTY YEARS by MILLIONS of MOTHERS for their CHILDREN WHILE BREASTING, WITH PERFECT SUCCESS. IT SOOTHES THE CHILD, SOFTENS THE GUMS, ALLAYS ALL PAIN, CURES WIND COLIC, and is the best remedy for DIARRHOEA. It is absolutely harmless. Be sure and ask for "Mrs. Wislow's Soothing Syrup," and take no other kind. Twenty-five cents a bottle.

HERE 40 YEARS AGO

H. N. Bell, Redwood Falls Undertaker, in Brainerd Yesterday and Notices Difference

H. N. Bell, a Redwood Falls undertaker, was in the city yesterday and accompanied the remains of his former old friend, the late N. V. R. Hunter, county treasurer of Redwood county, to its final resting place at his home.

"I was in Brainerd 40 years ago," said Mr. Bell, "and things looked differently then. All there was in Brainerd was a log house on the banks of the Mississippi near the place which was later the site of the trading post. Crow Wing station was then the future metropolis of this county and Brainerd wasn't even figured on being the county seat.

"I came from St. Cloud to Brainerd on an old stage and I believe it cost me more than three cents a mile. In later years I was on a surveying crew which ran the railway through Brainerd. I was offered a lot on Front street near the First National bank for \$30 and I laughed and told them they couldn't get my money for I never figured on the way condition were then that there would ever be much of a town here."

Mr. Bell admitted that there had been some changes in Brainerd since then and said that Brainerd's push and enterprise would make it the best city in central Minnesota and that the iron around it would place it next to Minneapolis, St. Paul and Duluth.

ELKS COMING IN DROVES

The Antlered Host is Pouring in on Every Train—St. Cloud Arrives This Afternoon

The Elks are arriving in Brainerd on every train to attend the great anniversary doings of the local brethren this afternoon and evening when Brainerd lodge celebrates with fitting ceremony its eleventh anniversary.

Elks are great fellows for that mystic No. 11 and a lot of ceremony revolves around the mysterious figures so that the 11th anniversary here will therefore be something out of the ordinary. As it seems to an outsider that toasts are usually drunk at that hour, the 11th anniversary in Brainerd may be one long continual, good fellowship verification of all that is best, noble and meritorious in the cause of the Elks. They are good fellows and even people who are on the "outside" know that the Elks are the best and noblest fellows in existence.

J. S. Scribner, A. McBride and Sheriff "Bob" Delury came from Walker this noon. J. W. Bailey arrived from Backus, and T. R. Kyle from Chicago. E. H. Krelwitz came from Aitkin. Large numbers came from Little Falls, Staples, Wadena, and other points.

At 1:20 the St. Cloud delegation hove into view and they were a bunch of Elks, the pride of the Granite City. Fully equipped with bat boys, water boys, score keepers, trainers and press committees the baseball nine marched and "hipped" its way to the official headquarters of the Elks at the Ransford hotel.

Ed. Rogers, of Walker, will play with the local Elks team and they say that Brainerd has made a hit with Ed. and that he thinks it travels in almost the same class as Walker.

F. S. Parker, the bat boy of the Brainerd Elks, has been busy practicing his various duties and says he will be the best bat boy you ever "batted" eyes on. A liberal quantity of paint has been bought so as to keep track of the game and C. H. Rattinger has practiced making big "O's" for the St. Cloud end of the score.

It will take a writ of certiorari and "Basis Virtutum Constantia" topped off with a "Battre La Campagne" to bring any umpire's decision from the ball field to the district court. Judge McClenahan, it is said, will squash all kicks.

Catarrah Cannot be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrah is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrah Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrah Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrah. Send for testimonials free.

Grand Army Encampment.
Rochester, N. Y., Aug. 23.—With more than twenty-five thousand veterans registered before the close of the second day the forty-fifth annual national encampment of the Grand Army of the Republic is under full headway and veterans who have attended national encampments for years say the indications are that some recent attendance records will be broken.

To Make a Seidlitz Powder.
To make a seidlitz powder mix together two drams of Rochelle salts and two scruples of bicarbonate of soda; put these into a blue paper and put thirty-five grains of tartaric acid into a white paper. To use put each into different glasses and quarter fill with water, then pour both together and drink at once while in a state of effervescence.

P. B. Nettleton offers

10 HOUSES FOR SALE

on such terms as you can afford to pay.

Who wants this?

A 5-room house, 2 lots, brick cellar, good well, shed, barn—plenty room for garden, chickens and cow.

ESDON ETCHINGS

Harry Wickham was taken to St. Paul to a specialist and is getting better.

Mrs. Deloss Hammett, of Livingston, Mont., has been making her father-in-law, Mr. J. L. Hammett, a visit for a few days. She returned to Staples last Saturday. She will come for a longer stay later on.

Mrs. J. Walker don't seem to improve much.

Mrs. Fannie Isles was taken to the Northwestern hospital August 14th, where she had some kind of an operation. The 21st of August she had a double operation performed, and at the present writing isn't very sick. Mrs. Eva Heglin, nee Eva Chord, is visiting relatives and friends in this locality.

Mrs. L. E. Garrison invited several of the children in this neighborhood to help celebrate her son Ernest's birthday the 15th of August.

Mrs. L. E. Garrison and family are to move back to Brainerd this week. It is said that Geo. Pine has been appointed one of the Indian police.

Miss Effie Chord was expected home Friday but for some reason she failed to put in an appearance at Deerwood.

Hay Fever, Asthma and Summer Colds
Must be relieved quickly and Foley's Honey and Tar Compound will do it. E. M. Stewart, 1034 Wolfram St., Chicago, writes: "I have been greatly troubled during the hot summer months with Hay Fever and find that by using Foley's Honey and Tar Compound I get great relief." Many others who suffer similarly will be glad to benefit by Mr. Stewart's experience. For sale by all druggists.

Life Rings on Mountains.
An extraordinary example of the way in which a mountain may afford on a small scale an image of the earth's climates, arranged in successively higher circles, has been found in the San Francisco peaks. These ancient volcanoes rise out of a plateau having a mean elevation of 7,000 feet above sea level.

The peaks are encircled with zones of vegetation which run almost like contour lines around them. Between 6,500 and 8,500 feet the yellow pine is the dominant tree. From 8,500 to 10,300 feet the Douglas fir, the silver fir, the cork fir and the aspen share the available ground. Between 10,300 and 11,500 feet the Engelmann spruce and the foxtail pine take possession and ascend to the tree limit—Scientific American.

Misleading Book Titles.
Some book titles are distinctly misleading. Ruskin's "On the Construction of Sheepfolds" is a famous example of these, and there are others. Mr. Henry James' novel "The Lesson of the Master" has more than once been catalogued as a religious work. The same fate befell Sir Edward Hamilton's "Conversion and Redemption," a highly technical study of schemes for the reduction of the national debt. "Disloyalty; or, The Doubtful Priest," was the title originally selected by Shorthouse for the book we now know as "John Inglesant." It was pointed out to him that such a title would lead people to regard it as an attack on Roman Catholicism, and this induced him to change it.—London Chronicle.

How an Ostrich Shows Temper.
When annoyed or injured by the approach of a human being, says a writer in the Strand Magazine, the male ostrich slightly arches his neck, and, drawing in a big breath, he blows out his neck and issues a three note defiance ("bo-bo-bo-o"). It is in the last prolonged note that his neck swells out so abnormally. The hen bird never "drums," as the natives term it, though I have heard of one that tried very hard to do the male, but the result was ghastly failure.

His Achievements.
"After I am gone," he complained, "people will begin to notice what I have done."
"Well," his wife sadly replied, "if they do it won't take them long."—Chicago Record-Herald.

Do not allow your kidney and bladder trouble to develop beyond the reach of medicine. Take Foley Kidney Pills. They give quick results and stop irregularities with surprising promptness. For sale by all druggists. mwf

TWICE-TOLD TESTIMONY

Brainerd People Are Doing all They Can For Fellow Sufferers

Brainerd testimony has been published to prove the merit of Doan's Kidney Pills to others in Brainerd who suffer from bad backs and kidney ills. Lest any sufferer doubt that the cures made by Doan's Kidney Pills are thorough and lasting, we produce confirmed proof—statements from Brainerd people saying that the cures they told of years ago were permanent. Here's a Brainerd case:

Mrs. P. M. Bislar, 412 S. Twelfth St., Brainerd, Minn., says: "Our experience with Doan's Kidney Pills has been very satisfactory. They have proven most effective in relieving lumbago, dull pains in the loins and trouble with the kidney secretions. About two years ago a member of my family publicly endorsed Doan's Kidney Pills, after procuring them from H. P. Dunn's drug store and using them with great benefit. That testimonial still holds good."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—take no other.

AWAKE NIGHTS

Children were intended to sleep nights. When they are wakeful and fretful, it is time to worry. Kickapoo Worm Killer (the delicious candy tablets) is a great medicine for children. It cleans the system of poisonous substances which cause sleeplessness. It removes acids which impoverish the blood; it tones up all of the functions; it makes strong, healthy children.
Price, 25c.; sold by druggists everywhere.

TRUTH.

Truth is a torch, but one of enormous size, so that we sink past it in rather a blinking fashion for fear it should burn us.—Goethe.

For Sale

At McGregor, Aitkin Co., Minn., 2200 acres of rich black soil. 1500 of it in a solid block adjoining the depots of both the N. P. and the Soo railways. Drained by the new McGregor county ditch. A most excellent location for dairying and grazing, with a creamery but a few rods from the land; or as a hay tract with perfect shipping facilities. The whole tract at \$10 per acre if taken soon. Address the owner direct at Box 34, Iowa City, Iowa. 8-5-1mp
